

ELEMENTARY STUDENTS

2016-17 FLUency™ school health program!

Are you interested in receiving a FREE digital thermometer? Please read the information below and return the signed bottom form. Thermometers will be distributed in the gym on Friday Octyober 28th following our Halloween parade. Only those who sign up ahead of time will receive the thermometer. You can also read about this exciting program that JMES is partnering with by viewing information on their website at: <https://www.kinsahealth.com/fluency>

About FLUency

Kinsa's FLUency program is an initiative to stop the spread of illness in the classroom. Since we have been selected, Kinsa will provide each family at Jackson-Milton Elementary with the award-winning Smart Thermometer for **free** (\$20 value, sold at numerous stores including Target, CVS, Amazon) and will create a group for our school where parents & staff can see anonymous information on what symptoms & illnesses are going around. The entire program is fully free.

Sign me up, I care about my childs' health (limit 1 per family):

Printed Child's name

Parent/Guardian Signature

_____ I am not interested in this program.
